1. Similar to normal bookings they will see a booking frame like below.
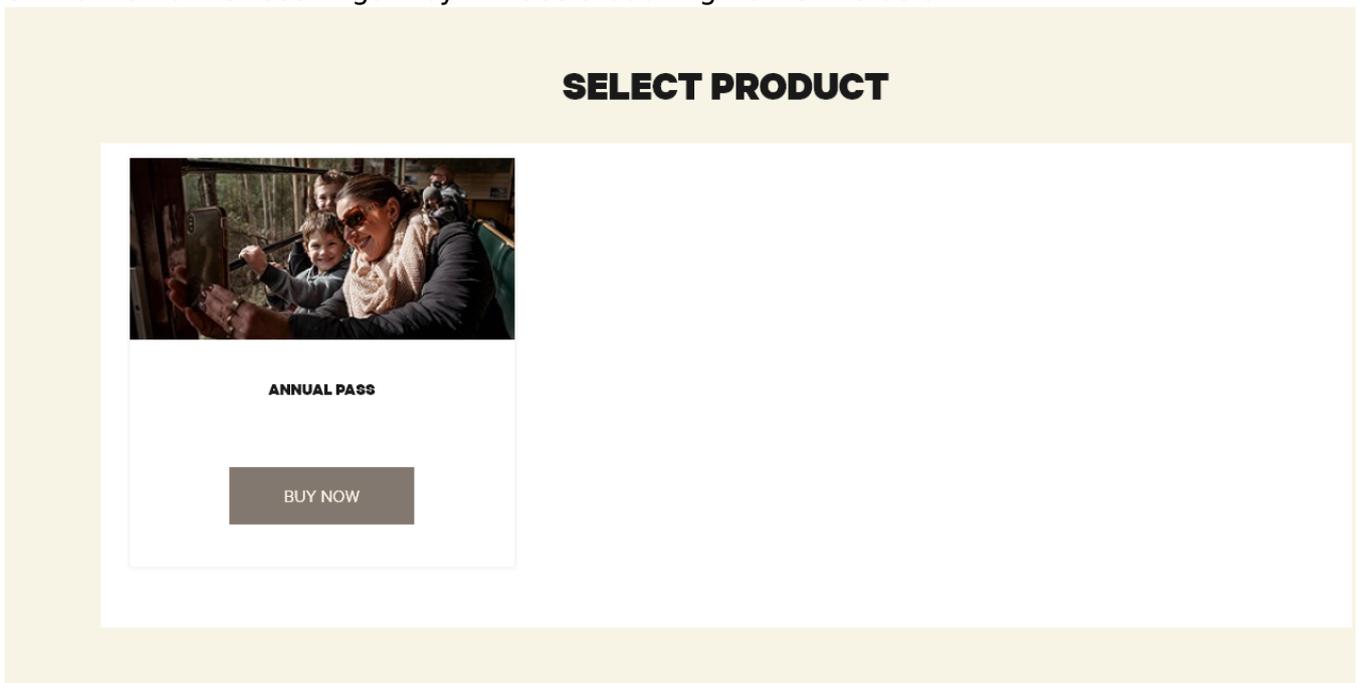

2. They can then select how many annual passes they require.

Family/Group discount is currently a work in progress. This section will be updated as soon as these are

configured.
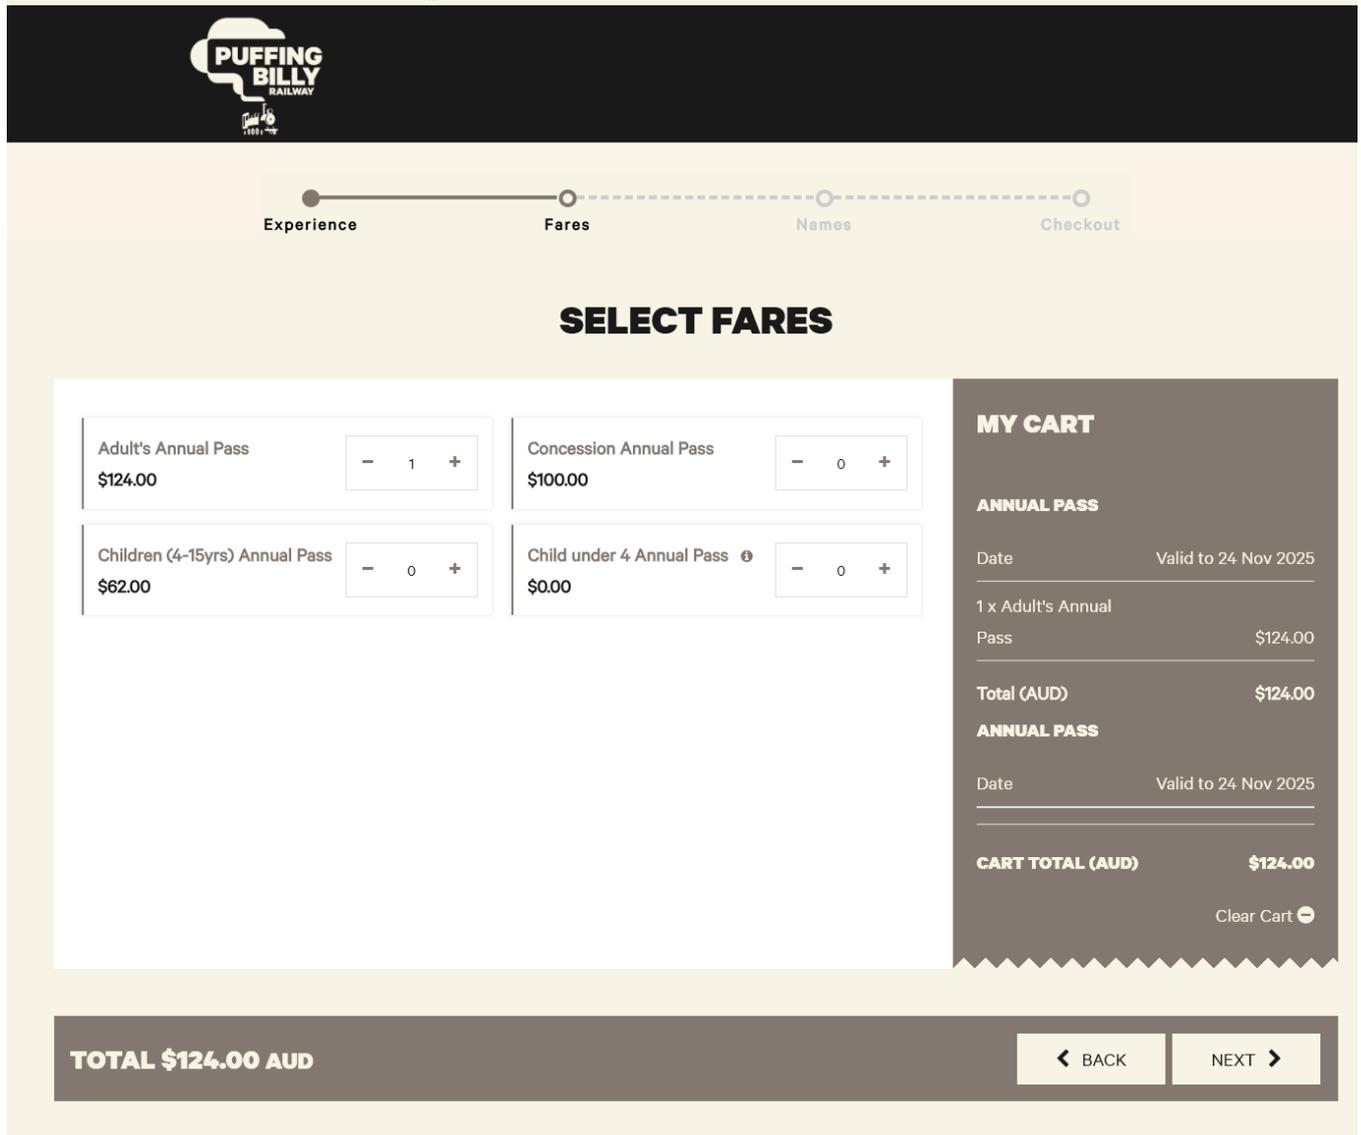

3. They will then need to put full names of each pass holder & the DOB of any children.

> The **Lead Passenger** will be Annual Pass account holder. These will be the details the user registers their account with.
