

# Setting up voicemail on your desk phone

The below instructions will assist you with setting up the voicemail on your desk phone for the first time.

## Step-by-step guide

1. Dial 799
2. Enter your security code (0000 for first time until you set your own)
3. Follow the prompts, you will be asked the following:
  - First name and last name
  - Whether you want to enter your name in the directory
  - Enter your Voicemail greeting
  - Enter your new security code
  - At the end you will be asked to enter 2 if you would like to restart the process if you need to change anything.
