LVC People Counting Reports

The Skyfii platform is used for reporting people counting data. It can be accessed at

https://au.skyfii.com/login

Credentials are located in the password store.

Three automated reports have been configured for people counting data. These are sent via email on a daily, weekly and monthly basis and provide an overview of visitor activity for the period.

After logging into the portal , scheduled report information can be accessed by clicking on the user menu in the top right corner and clicking on **Scheduled Reports**

This will display a list of the currently configured scheduled reports.

Counter Hardware

People counting hardware has been installed over three doors at the visitors centre.

- Auto doors next to the ticket office
- Swing doors near the café
- Automatic doors at the far end of the great hall.
