

# Level Crossings Notifications

## Thingsboard Notifications

Log into Thingsboard <https://pbr-iot-1:8080/login>

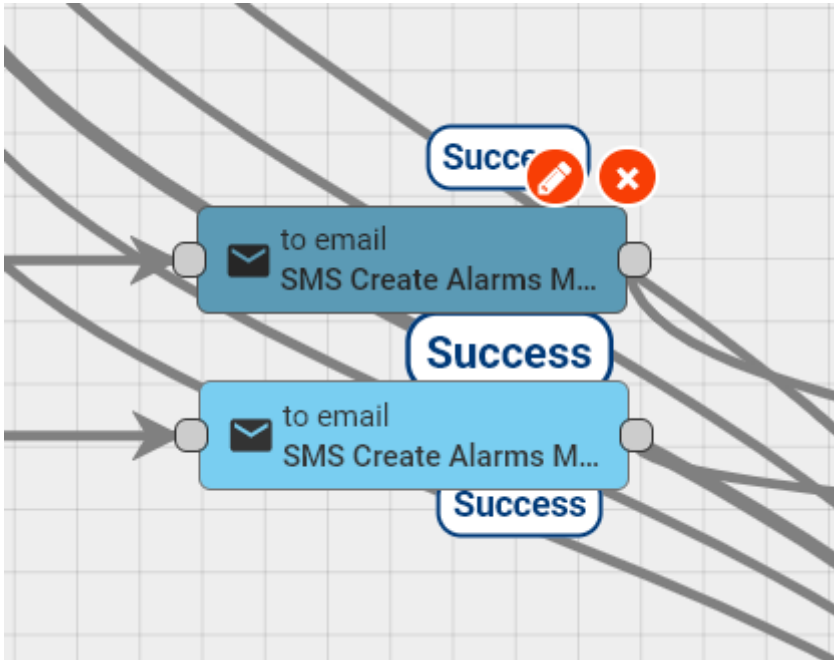

Use Matt Williams account (1Password)

Go to Rule Chains,

Rule chains					
<input type="checkbox"/>	Created time ↓	Name	Root		
<input type="checkbox"/>	2020-07-22 15:16:00	Create & Clear Alarms Level Crossing Relays and CabTemp	<input type="checkbox"/>	↓	🚩 ✎ 🗑
<input type="checkbox"/>	2020-07-22 15:15:27	Create & Clear Power Alarms Level Crossing	<input type="checkbox"/>	↓	🚩 ✎ 🗑
<input type="checkbox"/>	2020-07-22 15:14:56	Create & Clear Track Relays and MDR/ISR	<input type="checkbox"/>	↓	🚩 ✎ 🗑
<input type="checkbox"/>	2020-07-22 15:14:27	Create & Clear Generator and IT Alarms	<input type="checkbox"/>	↓	🚩 ✎ 🗑
<input type="checkbox"/>	2019-10-09 11:31:32	Device Inactivity	<input type="checkbox"/>	↓	🚩 ✎ 🗑
<input type="checkbox"/>	2019-10-09 11:30:50	Create & Clear Alarms 1 (Not used 22/7/2020)	<input type="checkbox"/>	↓	🚩 ✎ 🗑
	2019-10-09 11:08:53	Root Rule Chain	<input checked="" type="checkbox"/>	↓	🚩 ✎ 🗑

if you open any of the Rule Chains

on the second last point of the chain, click on the blue square, it will show the email addresses the alert is being sent to

when an email is sent to [SANTMonitor@essendex.net](mailto:SANTMonitor@essendex.net), then a SMS is generated by Essendex  
the mobile numbers that the SMS messages go to are setup within the Essendex web portal
