

# Image Change

This article is for if you would like to change an image on a device in Xibo.

Creds in 1pass.

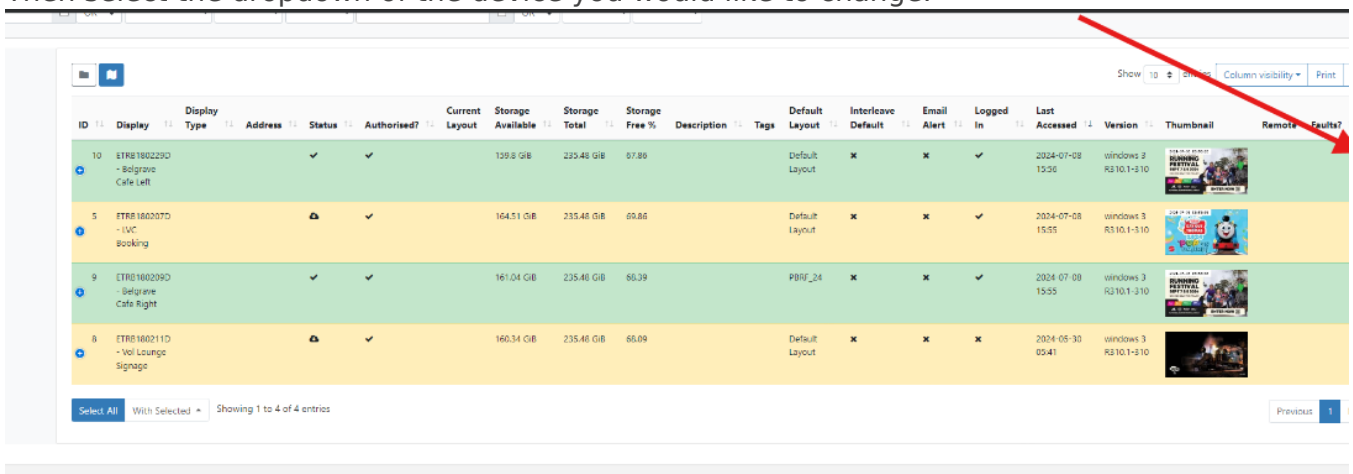

## 1. Firstly navigate to the displays.

The screenshot shows the Xibo Dashboard interface. On the left is a dark sidebar with a menu. The 'Displays' link is highlighted with a red arrow. The main content area shows a table of displays. The table has columns for ID, Display, Display Type, Address, Status, Authorised?, Current Layout, Storage Available, Storage Total, Storage Free %, Description, Tags, Default Layout, Interleave Default, Email Alert, Logged In, Last Accessed, Version, Thumbnail, Remote, and Faults. The table contains four rows of display data.

ID	Display	Display Type	Address	Status	Authorised?	Current Layout	Storage Available	Storage Total	Storage Free %	Description	Tags	Default Layout	Interleave Default	Email Alert	Logged In	Last Accessed	Version	Thumbnail	Remote	Faults

9	ETRE1802290	- Belgrave Cafe Right		✓	✓		161.04 GiB	235.48 GiB	65.39			PBRF_24	✗	✗	✓	2024-07-08 15:55	Windows 3 R310.1-310			
8	ETRE1802110	- Vol Lounge Signage		✗	✓		160.34 GiB	235.48 GiB	65.09			Default Layout	✗	✗	✗	2024-05-30 05:41	Windows 3 R310.1-310			

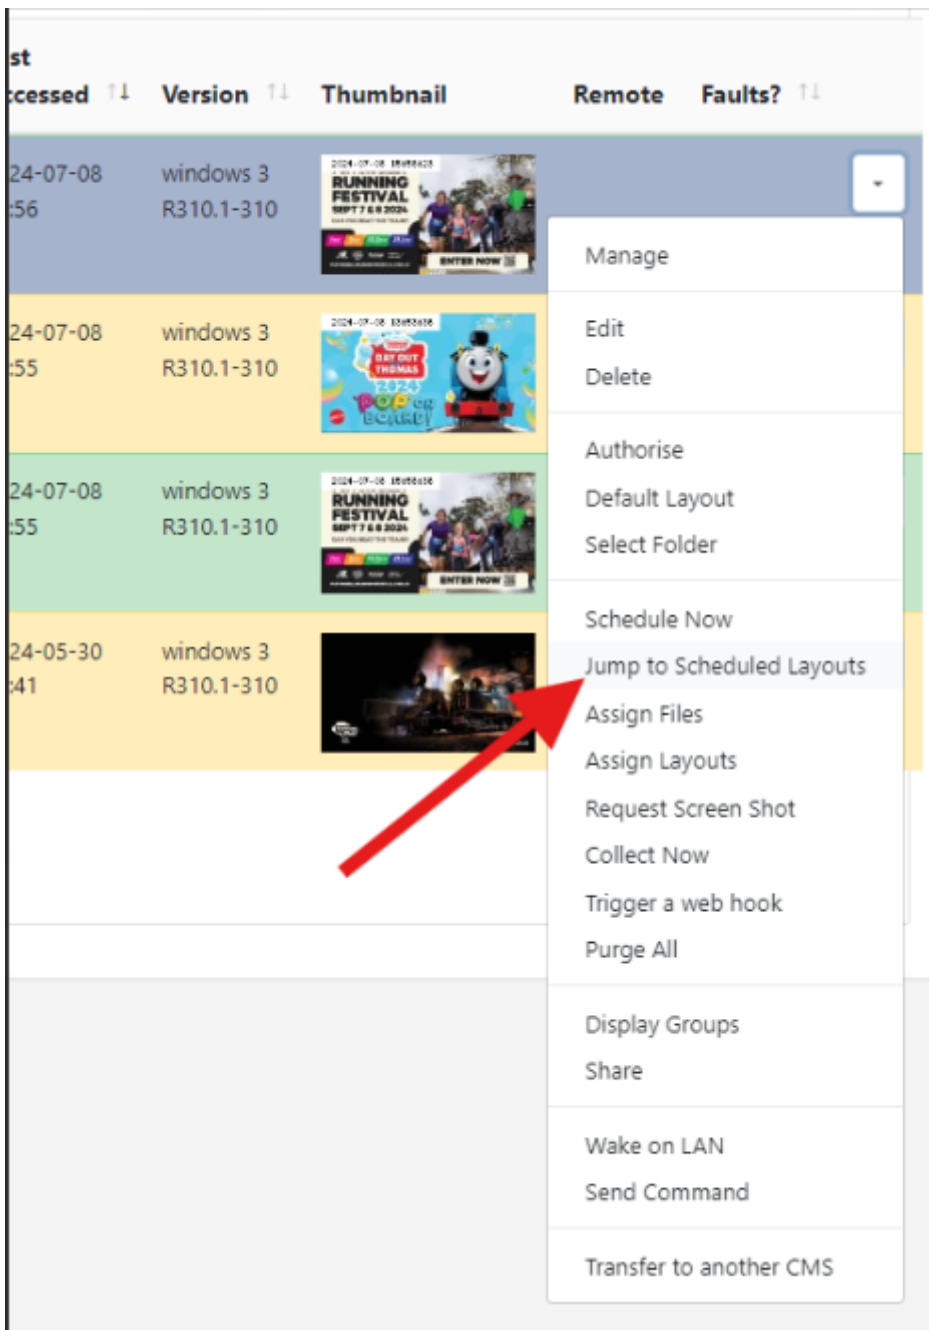

## 2. Then select the dropdown of the device you would like to change.

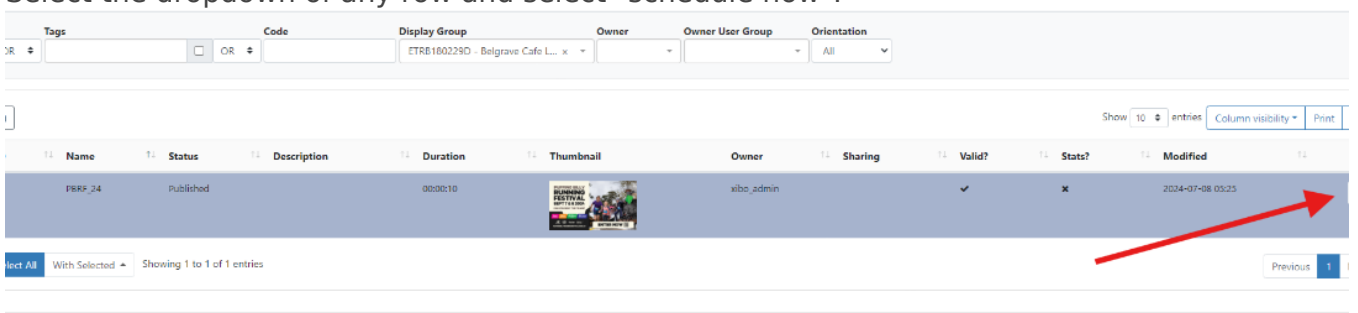

The screenshot shows the same Xibo Dashboard interface as before. A red arrow points to the 'Remote' column header in the table. The table contains the same four rows of display data.

ID	Display	Display Type	Address	Status	Authorised?	Current Layout	Storage Available	Storage Total	Storage Free %	Description	Tags	Default Layout	Interleave Default	Email Alert	Logged In	Last Accessed	Version	Thumbnail	Remote	Faults

6. You will now have at least 2 rows and the image will rotate between them. To stop the rotation head to "schedule" in the navigation bar on the left hand side.

The screenshot shows the Xibo dashboard interface. On the left is a dark blue navigation bar with various menu items. A red arrow points to the 'Schedule' item. The main content area is titled 'Layouts' and shows a table with columns: ID, Name, Tags, Code, Display Group, and Owner. Below this is a table with columns: ID, Name, Status, Description, Duration, and Thumbnail. The table contains one row with the following data: ID: 1, Name: PBRF\_24, Status: Published, Description: , Duration: 00:00:10, and a thumbnail image. At the bottom of the table, there is a 'Select All' button and a 'Showing 1 to 1 of 1 entries' message.

7. Select your display and choose any date.
